# RegenT

2025 – 2028

Integrating Regenerative Practices in  
Nature and Cultural Tourism

The RegenT project platform develops a regenerative tourism hub, offering training, and policy recommendations for public authorities, DMOs, NGOs, and business support organisations to make revitalisation and sustainable tourism a guiding strategy across the region. RegenT consolidates outcomes from 7 EU projects.

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

PROJECT PLATFORMS
